The Arkansas Governor's School 1983

David Grapka
Administrator

The Governor's School of Arkansas is a five-week summer residential program for gifted and talented students who are seniors-to-be in Arkansas public and private high schools. The School creates a unique experience for a select group of Arkansas' best students.

The School provides highly motivated students with an intellectual atmosphere, both inside and outside the classrooms, that is many times impossible to sustain in ordinary academic settings. The curriculum of the Governor's School is divided into three areas: Area I, the Academic Area; Area II, General Conceptual Development; and Area III, Personal and Social Development. Area I consists of eight field: Choral Music, Drama, English/Language Arts, Instrumental Music, Mathematics, Natural Sciences, Social Sciences and Visual Art.

The 1983 Governor's School was held on the Hendrix College campus in Conway. David Grapka, Gifted and Talented Administrator for the State of Arkansas, served as liaison between the School and the State Department of Education and Bruce Haggard served as the 1983 Governor's School Director.
