Administrator - David Grapka

The sixth annual Arkansas Governor's School for Gifted and Talented rising high school seniors from the entire state of Arkansas continued in the tradition of being a national pacesetter as a unique educational experience. It is a six-week summer residential program designed to focus on the development of intellectual skills that will be critical in solving 21st Century problems. It is neither an acceleration of high school nor an anticipation of college. The program is fully funded by the State Legislature through the State Department of Education on contract with Hendrix College.

The 1985 AGS was opened by Governor Bill Clinton and featured an address by Senator Dale Bumpers, along with a special flag-raising ceremony on the fourth of July. Some highlights of the session were an extra performance by A.R.T., exclusively for the '85 AGS, of "The Good Woman of Setzuan;" addresses by Gregorc, Murphy, Bates, West, Bleeker, Dennett, Ruse, Three for All, and Gilchrist; a coffee house and excerpts from Feiffer's People performed by the faculty and staff; a variety show by students; the films "Das Boot," "Lord of the Flies," "Patch of Blue," "Caine Mutiny," "Night and Fog," and "Wise Blood;" the 20th-Century Music Concerts and performances of "David and Lisa" by AGS students.

If the spirit of the '85 AGS is contagious, the world will be a better place to live.

With best wishes and high hopes for the individual and collective future for all who were there!

Area II

[Row 1] Charles Pinches, Nancy Olson, Derlyne Gibson, Margaret Morgan, Jennie Censor, Jim Rush, and Jim Bruce.

[Row 2] Tad Miles.

AREA II, which deals with conceptual development, is in many ways the heart of the AGS curriculum. It is very different from the usual classroom experience. Sometimes it is puzzling, sometimes controversial, and sometimes irritating, but always a valuable experience of intellectual discourse.

AREA III deals with social and personal development.

It is designed to help individuals deal with the daily frustrations resulting from conflicts between intellectual ideals and emotional realities.

Area III promotes the understanding of self and society.

IN MEMORIUM

Harvey Benham

1913-1985

1985 Arkansas Governor's School
C A L E N D A R

During the three years that he taught at the Governor's School, he was known affectionately by students and faculty alike simply as "Harvey." He was a scientist, an educator, and an author. Yet we remember him best for his wit and charm, whether he was entertaining us with his Coffee House songs from Gilbert and Sullivan or engaging us in spirited debates on politics or philosophy or baseball. Harvey was indeed the epitome of "man thinking." His presence at the Governor's School greatly enhanced the spirit of all that is "gifted and talented," and his contribution was lasting.
