Celebrating Twenty-Five Years of Excellence

AGS DIRECTOR

This summer we celebrate the twenty-fifth anniversary of the Arkansas Governor's School. AGS has grown and changed, but the basic idea remains: bring together talented, bright, energetic people to form a community in which learning, creating, and critical thinking are valued for their own sakes as well as for the ways in which they foster leadership. It was a visionary idea twenty-five years ago, one propelled by hope. Today, that hope is woven into a tradition-the idea has been transformed into an institution. We celebrate the transformation.

You are here this summer because of your achievements, and you have reason to be proud. It is also true that you got here with the support of your families, teachers, communities, and fellow Arkansans-you have reason to be grateful. Remember, too, that whatever your achievements, there is always more to learn, more to create, more to think about, more to do-you have reason to be humble.

We applaud you for making new friends, for thinking hard, for listening well, creating sincerely, and looking forward hopefully. Whatever your path, we wish you great happiness and success. We look forward to hearing great things.

Chris Campolo
Director

AREA I

ACADEMIA & THE ARTS

Area I embraces instruction in the performing arts of choral music, drama, instrumental music and visual arts, and course work in the academic disciplines of English/language arts, natural science, mathematics, and social science.

Emphasis in Area I is placed on participatory learning experiences which prepare students to enter and understand the critical systems that undergird the various fields of study. To this end, students examine new, challenging, and often controversial theories, techniques, and works—all designed to challenge them to develop a critical stance based on careful scrutiny of ideas and developments within their areas of interest. Don Baker is the Area I Coordinator and Jon Arms is the Area I Arts Liaison

AREA II

GENERAL CONCEPTUAL DEVELOPMENT

Row 1: John Abromeit, Michael Simeone, Mojo the Area II Helper Monkey, Andy Kelso, Chuck West. Row 2: Mark Elrod, John Walchak, Phillip Spivey, Steve Smith, Sarah Robins.

The Area II curriculum is designed to enhance conceptual development. Students are encouraged to learn more about how knowledge is acquired (epistemology), and to understand the various ways of knowing in different disciplines. In striving to increase their ability to analyze diverse perspectives on current normative issues, students gain a new appreciation for their implications. Classroom discussion then leads students to progress toward deeper levels of intellectual reflection, which enhances their ability to become better thinkers. Mark Elrod is the Area II Coordinator.

AREA III

PERSONAL & SOCIAL DEVELOPMENT

Starring: Phillip Melton, Rob Bryant, Whitney Bauman, Debbie Wahl, April Gentry-Sutterfield, John Shirron, Melinda Beith, Chad Terrell, Fred Boosey

Area III is designed to foster the personal and social development necessary for the students to benefit fully from their Area I and Area II classes and the comprehensive cultural and social events of the AGS program. The Area III curriculum provides an opportunity for the students to see the importance of taking personal responsibility for one's own ideas and for one's participation in a democratic society. Area III provides students a forum for activity exploring civic responsibility; it seeks to inspire a student's understanding of his or her own personal potential and to impress upon the student the value of character, leadership, integrity, insight, and compassion, not only within their own communities, but also in a society at large. Within this framework students explore curricular issues such as theories of intelligence, conflict and stress management, psychological and personality theory, goal setting, and community service. Phillip Melton is the Area III Coordinator.
