Dear AGS 2008,

Thanks for a great session of Arkansas Governor's School! We had a wonderful time together and I hope all of you will hang on to all of those positive memories. Remember the special presenters and programs such as Maxine Maxwell, Joseph Sebarezzi, the Natural State Brass Band, Romeo and Juliet, etc. Remember your classes, teachers, and classmates. Remember all of your new friends. Remember how valuable your overall experience was, especially in light of sacrificing six weeks of your summer!

As you return home and prepare to finish your final year of high school (hooray!), use what you've learned at AGS to enhance all of your future educational experiences, to improve your understanding of the world, and to develop your gifts as you respond to the needs of the world. Continue on your paths toward life-long learning and service. And, don't forget to have a little fun along the way! Good luck with your college search and preparation. I look forward to seeing you all next summer at the AGS 2008 reunion!

God bless you in your future,  
Lyle Rupert

# Area I

## Academics and the Arts

Area I embraces instruction in the artistic disciplines of choral music, drama, instrumental music and visual arts, and course work in the academic disciplines of English/Language Arts, Natural Science, Mathematics and Social Science.

Emphasis in Area I is placed on participatory learning experiences which expose students to the complex and critical systems that undergird the various fields of study. To this end, students examine new, challenging, and often controversial theories, techniques, and works--all designed to challenge them to develop a critical stance based on careful scrutiny of ideas and developments within their areas of interest. Stacy Key is the Area I Academics Coordinator and Tom McDonald is the Area I Arts Coordinator.

Human beings, by changing the inner attitudes of their minds, can change the outer aspects of their lives. -William James

Commissioned in 2001 by The Vardkhard Choral Trust  
for the Choir Schools' Association

\_\_\_\_\_ Phillip Spivey

Frisco McDonald \_\_\_\_\_

\_\_\_\_\_ Rita Tekippe

The Area II Curriculum is designed to enhance conceptual development.

Students are encouraged to learn more about how knowledge is acquired (epistemology) and to understand the various ways of knowing in different disciplines. In striving to increase their ability to analyze diverse perspectives on current normative issues, students gain a new appreciation for their implications. Classroom discussion then leads students to progress toward deeper levels of intellectual reflection, which enhances their ability to become better thinkers. Mark Elrod is the Area II Coordinator.

# Area 3

## Personal and Social Development

### Area 3 Rocks

Area III is designed to foster the personal and social development necessary for the students to benefit fully from Area I and Area II classes and the cultural and social events of the AGS program. The Area III curriculum provides an opportunity for the students to see the importance of taking personal responsibility for one's own ideas and for one's participation in a democratic society. Area III provides students a forum for actively exploring civic responsibility; it seeks to inspire a student's understanding of his or her own personal potential and to impress upon the student the values of character leadership, integrity, insight, and compassion, not only within their own communities, but also within society at large.

Within this framework, students explore curricular issues such as theories of intelligence, conflict and stress management, psychological and personal theory, goal setting, and community service. Phillip Melton is the Area III coordinator.

# Area 4

## Residential Life
