## Dear AGS 2013:

Thanks for being a part of such a great summer. We are grateful to the State of Arkansas for funding this valuable program and for bringing it back up to six weeks. How many of you would stay for another six weeks?! Count me in! Too bad we can't, but we can take with us the intellectual tools, the valuable friendships, and the long-lasting memories we developed while we were together.

My challenge to you is to take all that you've learned and figure out how to apply it in different areas of your life. Don't forget those special teachers, speakers, films, and activities that really sparked something in your mind. Continue to develop that spark and see where it takes you.

Stay in touch with us as you head out to change the world. I love hearing about college experiences, career choices, and family developments, so keep us informed. Congratulations on completing this valuable accomplishment and best wishes for an exciting future!

God bless you,  
Lyle

# Area I

## ACADEMICS & THE ARTS

The curriculum in Area I embraces instruction in the artistic disciplines of Choral Music, Drama, Instrumental Music, and Visual Arts, as well as instruction in the disciplines of English/Language Arts, Natural Science, Mathematics, and Social Science.

Emphasis in Area I is placed on participatory learning experiences which expose students to the complex and critical systems that undergird the various fields of study. To this end, students examine new, challenging, and often-revolutionary theories, techniques, and works, all designed to challenge them to develop a critical stance based on careful scrutiny of ideas and developments within their areas of interest. Stacy Key is the Area I Academics Coordinator, and Tom McDonald is the Area I Arts Coordinator.

# Area II

## CONCEPTUAL DEVELOPMENT

# SERVING UP food for thought

Mark Elrod (Area II Coordinator), Alan Elrod, Ray Wheeler, Phillip Spivey, Alex Anderson, Revis Edmonds, Tara Flanagan, Jim Rush

The Area II curriculum is designed to enhance conceptual development. Students are encouraged to learn more about how knowledge is acquired (epistemology) and to understand the various ways of knowing in different disciplines. In striving to increase their ability to analyze diverse perspectives on current normative issues, students gain a new appreciation for their implications. Classroom discussion then leads students to progress toward deeper levels of intellectual reflection, which enhances their ability to become better thinkers. Mark Elrod is the Area II Coordinator.

# Area III

## PERSONAL & SOCIAL DEVELOPMENT

Front Row (L to R): Debbie Hibbs, Elizabeth Martin, Spencer Sutterfield, Jennifer Lusk  
Back Row (L to R): Phillip Melton (Area III Coordinator), Chad Terrell, Richard Gobble, Fred Boosey

Area III is designed to foster the personal and social development necessary for the students to benefit fully from Area I and Area II classes and the cultural and social events of the AGS program. The Area III curriculum provides an opportunity for the students to see the importance of taking personal responsibility for one's own ideas and for one's participation in a democratic society.

Area III provides students a forum for actively exploring civic responsibility; it seeks to inspire a student's understanding of his or her own personal potential and to impress upon the student the values of character leadership, integrity, insight, and compassion, not only within their own communities, but also within society at large. Within this framework, students explore curricular issues such as theories of intelligence, conflict and stress management, psychological and personal theory, goal setting, and community service. Phillip Melton is the Area III Coordinator.
