Dear AGS 2016:

Although these past six weeks passed quickly, I hope you realize the benefit you've received from this experience. As you join the almost 14,000 alumni of AGS, please reflect on what you learned in your classes, from the speakers and films, from the 410/610 seminars, and from hanging out with 400 like-minded students. Apply these skills as you use critical thinking in your decision-making and sensitivity in your relationships.

We not only learned about widely varying topics such as Pluto, Rwanda, Listening, Reality, Civil Discourse, Creativity, etc., we had a lot of fun along the way. We played games, knitted caps for newborns, donated food, shared ideas, listened to music, competed, collaborated, etc. Is there a better way to spend the summer?! I can't imagine what that would be!

Stay inspired as Gilbert Garcia encouraged you to work hard, think hard, and persevere. From Governor Hutchinson's challenge, be prepared for your Moment in Time when you will make a difference. And, from the opening convocation when I quoted Frederick Buechner, consider finding "the place where your deep gladness and the world's deep hunger meet." If all of us can arrive at that place, just imagine how we can change the world!

Have a wonderful senior year and a fulfilling future! I look forward to hearing good things about you!

God bless you!
Lyle

AREA I

The curriculum in Area I embraces instruction in the artistic disciplines of Choral Music, Drama, Instrumental Music, and Visual Arts, as well as instruction in the disciplines of English/ Language Arts, Natural Science, Mathematics, and Social Science.

Emphasis is placed on participatory learning experiences which expose students to complex and critical systems that undergird the various fields of study. To this end, students examine new, challenging, and often-revolutionary theories, techniques, and works, all designed to challenge them to develop a critical stance based on careful scrutiny of ideas and developments within their areas of interest.

Stacy Key is the Area I Academics Coordinator, and Fred Boosey is the Area I Arts Coordinator.

AREA II

Conceptual Development

Clockwise from the left corner: Jim Rush, Andrea Lively, Philip Spivey, Lacey Thacker, Christopher Weaver, Ryan Parson, Revis Edmonds, and Nick Brasovan.

The Area II curriculum is designed to enhance conceptual development. Students are encouraged to learn more about how knowledge is acquired (epistemology) and to understand the various ways of knowing in different disciplines. In striving to increase their ability to analyze diverse perspectives on current normative issues, students gain a new appreciation for their implications. Classroom discussions then lead students to progress toward deeper levels of intellectual reflection, which enhances their ability to become better thinkers. Jim Rush is the Area II Coordinator.

AREA III

Personal and Social Development

E _____ I
 (energy)

N _____ S
 (information)

F _____ T
 (decisions)

P _____ J
 (lifestyle)

Area III is designed to foster the personal and social development necessary for the students to benefit fully from Area I and Area II classes and the cultural and social events of the AGS program. The Area III curriculum provides an opportunity for the students to see the importance of taking personal responsibility for one's own ideas and for one's participation in a democratic society. Area III provides students a forum for actively exploring civic responsibility; it seeks to inspire a student's understanding of his or her own personal potential and to impress upon the student the values of character leadership, integrity, insight, and compassion, not only within their own communities, but also within society at large. Within this framework, students explore curricular issues such as theories of intelligence, conflict and stress management, psychological and personal theory, goal setting, and community service.
