Dear AGS 2017:

Although it seems as if we just had registration and move-in day for AGS, it is now time to close the 2017 session. These past six weeks were filled with great events, classes, and activities which will stay in our memories for a long time. I hope you've learned a lot during this session. I hope you've learned a lot about yourself and our world and how you can most effectively support positive change for our world. You will be the future leaders of our society, so we are counting on you!

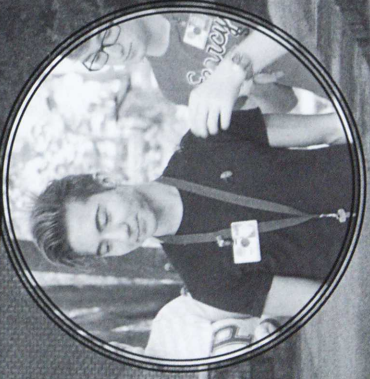

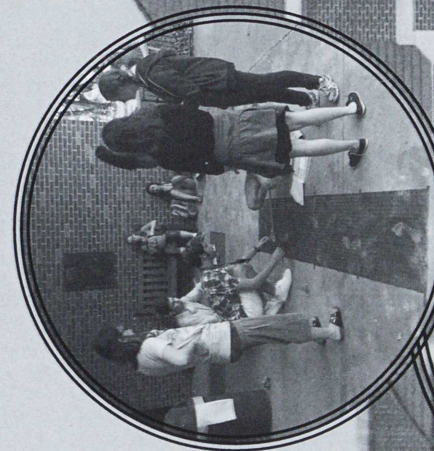

As I ponder over our experiences together, I remember fondly many things - the visit by our Governor, the special speakers we heard from, the games and activities we participated in together, the performances by all of our talented students, the intellectual challenges we gave to each other, the fun and laughter we shared, etc. The list is almost endless. But, the memory I will cherish the most is the privilege to share a summer with 400 of Arkansas' brightest and best! I have learned a great deal from you during this session, both personally and professionally, and for that I am truly grateful.

We are expecting great things from our students in the future. Have a wonderful senior year in high school and an exciting and fulfilling experience in college. Continue to think deeply and relate well with each other as you live a full and exciting life. Then, we can conclude the investment the State of Arkansas placed upon you was a valuable one. Stay in touch and don't forget to come to the AGS 2017 Reunion next summer.

God bless you,
Lyle

AREA I

4

5

Academics Coordinator

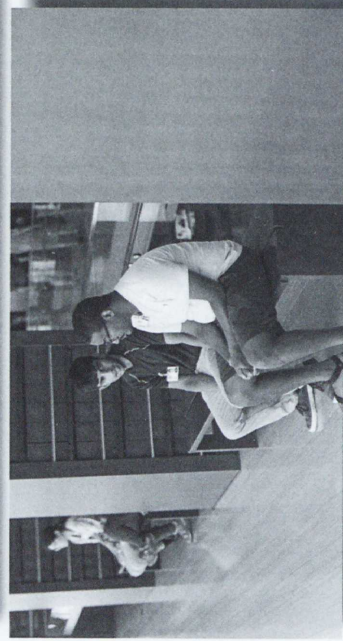

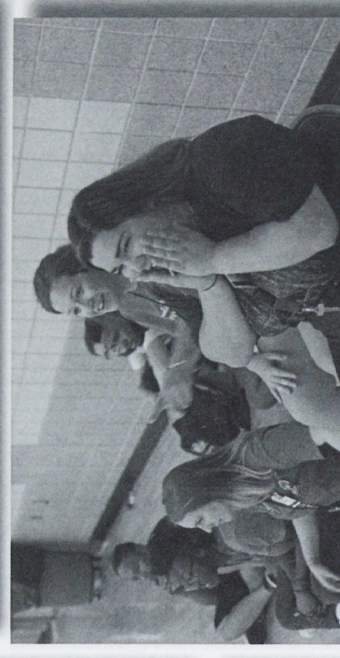

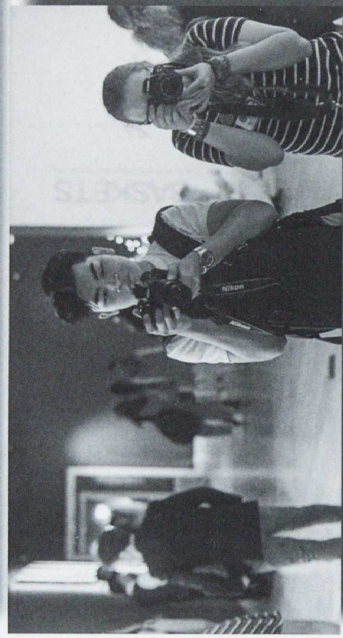

Area I embraced instruction in the artistic disciplines of Choral Music, Drama, Visual Arts, and Instrumental Music, and course work in the academic disciplines of English/Language Arts, Natural Science, Mathematics and Social Science.

Emphasis in Area I is placed on participatory learning experiences which expose students to the complex and critical systems that undergird the various fields of study. To this end, students examine new, challenging, and often controversial theories, techniques, and works--all designed to challenge them to develop a critical stance based on careful scrutiny of ideas and developments within their areas of interest. Stacy Key is the Area I Academics Coordinator and Fred Boosey is the Area I Arts Coordinator.

VISUAL ARTS

AREA II

The Area II curriculum is designed to enhance conceptual development. Students are encouraged to learn more about how knowledge is acquired (epistemology) and to understand the various ways of knowing in different disciplines. In striving to increase their ability to analyze diverse perspectives on current normative issues, students gain a new appreciation for their implications. Classroom discussions then lead students to progress toward deeper levels of intellectual reflection, which enhances their ability to become better thinkers. Jim Rush is the Area II Coordinator.

FROM LEFT TO RIGHT:

Nick Brasovan, Phillip Spivey, Andrea Lively, Christopher Weaver, Jim Rush (Coordinator), Alan Erod, Lacey Thacker, Ryan Parson

FROM LEFT TO RIGHT:

Top: Spencer Sutterfield, Madison Sewell, Richard Gobble

Middle: Chad Terrell, Phillip Melton

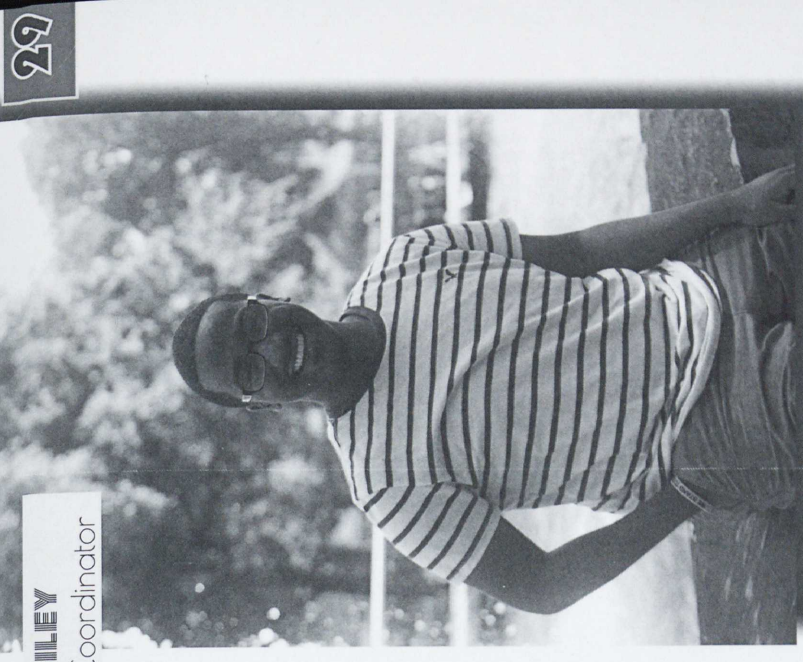

Bottom: Debbie Hibbs (Coordinator), Winston Meyer, Fred Boosey

Area III is designed to foster the personal and social development necessary for the students to benefit fully from Area I and Area II classes and the cultural and social events of the AGS program. The Area III curriculum provides an opportunity for the students to see the importance of taking personal responsibility for one's own ideas and for one's participation in a democratic society. Area III provides students a forum for actively exploring civic responsibility; it seeks to inspire a student's understanding of his or her personal potential; and to impress upon the student the values of character, leadership, integrity, insight, and compassion, not only within their own communities, but also within society at large. Within this framework, students explore curricular issues such as theories of intelligence, conflict and stress management, psychological and personal theory, goal setting, and community service. Debbie Hibbs is the Area III Coordinator.

RECREATION

There comes a point in everyone's life where they come to a crossroad of adversity. Just remember, when you reach one of these life intersections, you need only ask yourself, "What would Tina do?" Embrace your inner Tina.
-Jevz
