Area I

Area I embraced instruction in the artistic disciplines of Choral Music, Drama, Visual Arts, and Instrumental Music, and course work in the academic disciplines of English/Language Arts, Natural Science, Mathematics and Social Science.

Emphasis in Area I is placed on participatory learning experiences which expose students to the complex and critical systems that undergird the various fields of study. To this end, students examine new, challenging, and often controversial theories, techniques, and works – all designed to challenge them to develop a critical stance based on careful scrutiny of ideas and developments within their areas of interest.

Stacy Key is the Area I Academics Coordinator and Fred Boosey is the Area I Arts Coordinator.

Area II

Back row (left to right): Whit Barringer, Chris Weaver, Ryan Parson. Front row: Andrea Lively, Scott Hairston, Lacey Thacker, Alan Elrod, Phillip Spivey.

The Area II curriculum is designed to enhance conceptual development. Students are encouraged to learn more about how knowledge is acquired (epistemology) and to understand the various ways of knowing in different disciplines. In striving to increase their ability to analyze diverse perspectives on current normative issues, students gain a new appreciation for their implications. Classroom discussions then lead students to progress toward deeper levels of intellectual reflection, which enhances their ability to become better thinkers. Lacey Thacker is the Area II Coordinator.

Top (clockwise): Fred Boosey, Richard Gobble, Phillip Melton, Debbie Hibbs, Madison Sewell, Emily Bradley, Spencer Sutterfield, Chad Terrell.

Area III is designed to foster the personal and social development necessary for the students to benefit fully from Area I and Area II classes and the cultural and social events of the AGS program. The Area III curriculum provides an opportunity for the students to see the importance of taking personal responsibility for one's own ideas and for one's participation in a democratic society. Within this framework, students explore curricular issues such as theories of intelligence, conflict and stress management, psychological and personal theory, goal setting, and community service. Debbie Hibbs is the Area III Coordinator.

In Memoriam

Dr. James Rush (January 2, 1941 – May 22, 2018)

Jim Rush was a dedicated teacher and colleague at AGS for more than 30 years. He was a part of the inaugural AGS session in 1980. During his tenure, he taught in several areas including Area I Social Science, Area II General Conceptual Development, and Area III Personal and Social Development. At times, he also served as a coordinator for Area II and Area III. Jim was highly regarded by students whom he met in class, at mindfulness meditation seminars, or around campus. He was also deeply respected by his colleagues for his wisdom and compassion. His memory and spirit will continue to be honored in the Area II Book or “Tree Book” given to all students each session and the Jim Rush Milestone Service Award presented annually to faculty and staff.

Letter from the Director

Dear AGS 2018:

This summer has flown by much too quickly. It seems as if we just arrived on campus. But, when we look back at the past six weeks, we'll realize a lot has happened. We've experienced many new ideas, speakers, films, and events. We've met new friends. We've shared ideas. We've worked hard and played hard. And, we've grown together as a community. I hope you'll take all you've learned and continue building upon the foundation. Let our memories sustain AGS in our minds for many years. Here's to a bright future for all of you!

God bless you,
Lyle
